No. 121. *The 17th September* 1887.

The following Rules regarding the grant on favorable terms of Government land for garden cultivation, have been sanctioned by His Highness the Maharaja's Government and are hereby published for general information and guidance :—

1. Unassessed Government waste land applied for for *Dhruvapair* garden cultivation will, where no objection exists to the grant, be given to the applicant, subject to the following rates of assessment, namely :—

A. For arecanut garden in the Malnad.

1*st*. For the first twelve years including the year of the grant, 4 annas per acre per annum.

2*ndly*. For the 13th, 14th and 15th years, at $\frac{1}{4}$, $\frac{1}{2}$ and $\frac{3}{4}$, respectively, of the average rate for gardens of the same description in the village, or, where there is no such garden in the village, of the average rate for such gardens in neighbouring villages, or of such garden rate as may be fixed either by the Superintendent of Revenue Survey upon report from the Deputy Commissioner, or at the introduction or revision of a Revenue Survey Settlement.

And 3*rdly*. The full garden rate fixed as above to come into operation from the 16th year.

B. For arecanut gardens in the Maidan and for all cocoanut gardens.

1*st*. For the first nine years, including the year of the grant, at 4 annas per acre per annum.

2*ndly*. For the 10th, 11th and 12th years, at $\frac{1}{4}$, $\frac{1}{2}$ and $\frac{3}{4}$, respectively, of the average rate for gardens of the same description in the village, or, where there is no such garden in the village, of the average rate for such gardens in neighbouring villages, or of such garden rate as may be fixed either by the Superintendent of Revenue Survey upon report from the Deputy Commissioner, or at the introduction or revision of a Revenue Survey Settlement.

And 3*rdly*. The full garden rate, fixed as above, to come into operation from the 13th year.

2. Within two years of the date of the grant, the land taken up should be entirely planted up. But in the case of areas exceeding 50 acres granted for garden cultivation, the grantee will be required to plant up not less than one-fifth of the entire area in each year, so as to bring the entire land under garden cultivations by the end of the 5th year. Failure to comply with these conditions as to planting shall render the entire land liable to the full garden rate fixed in the manner aforesaid, together with a fine equal to the estimated value of the trees which might have stood on the land when it was taken up. The amount of such fine shall always be entered in every *kaul* granted under these Rules. The grantee who fails to plant up the entire area of the grant within the prescribed time will however be allowed to resign any portion of the grant in compact blocks of not less than 10 acres each.

3. No kaul shall be granted under these Rules for small and insignificant bits of land in Maidan Taluks in spots such as feeders of tanks, tank-beds, vonis, and such like, which are purposely excluded from agricultural lands at the survey. The minimum area to be granted shall be 2 acres.

4. The garden rate of assessment referred to in the preceding Rules shall not be liable to revision otherwise than at a general revision of land revenue assessment throughout the Taluk.

144

5. *Kauls* under these Rules may be granted both in surveyed and unsurveyed Taluks and shall be in the appended Form.

6. Applications for *kauls* under these Rules shall be made in writing to the Amildar, who shall make such enquiry as may be necessary and submit the application to the Deputy Commissioner for orders, with as little delay as possible.

7. In the case of arecanut and cocoanut gardens assessed at garden rates which have, from any cause whatsoever, remained unoccupied for more than 3 years preceding this date, the Deputy Commissioner may, in his discretion, grant such partial temporary remission of the existing garden assessment as may appear to him to be reasonable with reference to the present condition of the gardens, but not so as to exceed one half of the term of favorable assessment allowable under Rule 1.

8. Cases falling under Rule 7 above which, in the opinion of the Deputy Commissioner, may require more liberal concessions than are authorized by that Rule, will be specially reported for the orders of Government through the Superintendent of Revenue Survey.

9. Where delay is apprehended in ascertaining the garden rate referred to in Rule 1, the Deputy Commissioner shall grant the *kauls* applied for, reserving expressly for future decision the rate of garden assessment to be fixed. In such case the rate of garden assessment shall be fixed and duly entered in revised *kauls* to be issued as early as possible in substitution of those already issued.

10. In the Malnad Taluks of the Province, unassessed Government waste land shall not be assessed and granted for occupation, except upon the distinct understanding of the liability of such land to the special garden rate of assessment in force for the time being.
